

Minister for the Environment and Water Resources

The Hon Malcolm Turnbull MP

I am pleased to endorse the Arctic Climate Leadership Challenge.

This impressive endeavour will bring together young people to explore one of the world's most pressing issues. The warming in the Arctic and the melting of Greenland's glaciers and icesheets is of concern to us all.

The Australian Government welcomes this initiative and its innovative approach to helping young Australians learn how they can be involved in efforts to reduce the impacts of climate change.

I am sure that all participants will benefit immensely from this project.

A handwritten signature in blue ink, appearing to be 'M Turnbull', written over a light blue horizontal line.
